PROGRESSION TO A HIGHER LEVEL

NOTE:

ALL advancements must be made before the entries from first contest of the year goes to the judge. No further advancements or changes in level can be made during the contest year.

Photographers in the Basic level and the Advanced level **MAY** be invited to move to the next level for the following year if EITHER of the following applies:

- a. They won the Photographer of the year award in their current level.
- b. Their image placed 1st in the annual Image of the Year competition in their level.

Judging

Judges will be given the same instructions regarding the rules for a specific contest as are the contestants.

1. Judging will first be based on compliance with the particular competition definitions and specifications for the category entered.
2. Judges are urged to review each of these before starting the judging process
3. If an image does not meet the basic competition definitions and/or specifications as, the judge shall award that image a score of zero (0).
4. The entries in each competition level, or combined level, make up a contest in itself. Therefore, the judge will be asked to **score each image on a scale of 1 to 10 with one decimal point (1.0 to 10.0)** regardless of the scores in the other levels. These scores are referred to as "Judges" points.
5. For each division, or combined division, the judge will also be asked to award PLACES in accordance with the following schedule:

ADJUDICATION

1. The board appointed Image Committee will have the responsibility to review the entries before submitting them to the judge SOLEY to confirm the validity of the date taken. If an image submitted was originally created outside of the contest criteria, it will be disqualified.

2. With respect to ALL other rules, the Judges decisions will be final with no further review by anyone.

3. In the event a judge finds an image in violation of the rules for a contest, the judge will be instructed to give the image a score of ZERO, but the judge will still be asked to critique the image as if the violation did not exist.

APPENDIX- PSA RULES

Some of our contests refer to 'PSA DEFINITIONS". The current definitions can be found on the PSA website at

<https://psa-photo.org/page/division-definitions>

Note that our contests may have a theme superimposed on these rules. For example, we might have a contest with the theme of TEXAS that also specifies PSA Photo Travel definitions. In that case the images must conform to the PSA, but are limited to images taken in Texas.
