EXCEPT for contest entries, which will still go thru the web page, there are a few ways to get us your images. One is to simply email them.. Include information about what they are about and who you are.

For those of you who have a DROPBOX account, we have set up a link that you can use to enter image for things like Projects, Show and Tell, Club events etc. Just put them in a folder named so that we can identify What it is and Who entered it and upload that folder. Note. You don't need an account. You can sign in with your Google password.

  Just open this link in your browser and upload the folder. You may have to copy this link into your browsers address line

The third way is old fashioned sneakernet. Put the images on a USB stick (aka thumb drive) and get it to Jerry schlesinger   We would like to have the images uploaded before our meeting just to iron out technical issues and to make the meeting flow better
